**FILED VIA ECF**

Honorable Paul A. Crotty  
United States District Court  
500 Pearl Street  
New York, NY 10007

Re: *In re Energetic Tank, Inc.*  
S.D.N.Y. 1:18-cv-01359 (PAC)

Dear Judge Crotty:

We write in response to the Court's Order, which offered the United States the opportunity to file a letter "explaining why redactions to Petitioner's post-trial submissions are justified by December 23, 2021." ECF 377 at 2. Absent that, the Court expressed an intent to order Petitioner to file public versions of its post-trial submissions without redactions. *Id.*

In light of the Court's Order, Navy security managers undertook a detailed review of the public record as compared to all proposed redactions. Based on that review, the United States has no objection to the Court's intended order regarding unredacted filings. The United States thanks the Court for protecting Navy security interests throughout this litigation.

Respectfully submitted,

/s/ Thomas M. Brown  
Thomas M. Brown  
Trial Attorney
